Fast-Growing HR Knowledge, Inc. Partners with Stonehill College on Strategic Recruiting Initiative

HR Knowledge is actively hiring in light of increased demand for HR and payroll services

Boston, MA, April 10, 2013 – HR Knowledge, Inc., a rapidly growing provider of payroll, benefits brokerage and HR consulting services to clients throughout New England, is participating in the Partner Program at Stonehill College. This program is an active partnership between Stonehill and HR Knowledge designed to match the company’s workforce needs with the skills and abilities of students for both internship and employment opportunities. As a Stonehill Partner, HR Knowledge attends on- campus job fairs and assists students with resume writing and interviewing skills.

Headquartered in Mansfield, Massachusetts, HR Knowledge has seen increased demand for its HR services and has experienced significant growth in the last year, adding eight employees in just the last six months. The company hopes that its relationship with Stonehill College will help source local talent and foster relationships with students interested in a career in human resources.

“Despite the sluggish economy and slow job market, our business has seen rapid growth,” said Jeff Garr, CEO of HR Knowledge. “Our goal is to fill a number of positions in the coming months, and we are excited to support Stonehill College graduates who are looking to begin a career in the HR field. We know that the job market for college students has been challenging, and we hope to assist graduating students with a job opportunity that might not have otherwise been available to them. We offer a creative, fast-paced environment that is challenging, stimulating and financially rewarding to individuals who are extremely client centric, highly motivated, and have a strong work ethic.”

“The Stonehill Partner Program matches leading employers with students who have gone above and beyond to distinguish themselves as top candidates,” added Kristine L. Shatas, Assistant Director of Stonehill’s Career Services. “This initiative is a win-win for both employer and student. HR Knowledge will have the opportunity to counsel and meet with students who may be potential job candidates, and those students will benefit from professional advice and direct feedback on resume and interview skills.”
