FULL I-9 AUDIT SERVICES

HR Knowledge can audit both your company's Form I-9 practices as well as the forms themselves to ensure compliance and avoid government litigation. Storing historic paper I-9s is putting your organization at risk. Our I-9 audit services convert your paper I-9s to digital format, and our precise error-checking team of experts catches errors and omissions on your I-9s providing you correction guidance, purging expired documents according to retention rules, and uploading your corrected and digitized I-9s to help avoid expensive liabilities.

Achieve compliance when you hire remotely from anywhere, anytime. Our web-based and mobile-friendly solution eliminates the hassle of organizing the logistics of a remote location where an employer is not present. I-9 Remote allows you to easily comply with all Form I-9 requirements when hiring remote employees.

EASY-TO-USE DIGITAL DASHBOARD

You'll have a searchable database for ALL I-9 Forms, including review, auditing, and re-verification fields. Conversion of paper forms to digital allows management of existing and new I-9 Forms. Receive email notifications whenever an employee's work authorization is about to expire, and easily manage other deadlines from the dashboard.
